Examiner: Suitte

10/532,010 Art Unit: 1795

September 7, 2008

Election/Restrictions

1. Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claims 1-2, drawn to an electrode for a fuel cell.

Group II, claim 3, drawn to an electrolyte composite for a fuel cell.

Group III, claims 4-8 and 11-13, drawn to a method of manufacturing an electrode for a fuel cell.

Group IV, claims 9 and 10, drawn to a method of manufacturing an electrolyte composite for a fuel cell.

2. The inventions listed as Groups I, II, III and IV do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: Group I requires an electrode for a fuel cell which is not required by Groups II, III and IV. Group II requires an electrolyte for a fuel cell which is not required by Groups I, III and IV. Group III requires a method of manufacturing an electrode for a fuel cell which is not required by Group I, II and IV. Group IV requires a method of manufacturing an electrolyte composite for a fuel cell which is not required by Groups I, II, and III.

3. Applicant is advised that the reply to this requirement to be complete must include (i) an election of a species or invention to be examined even though the requirement may be traversed (37 CFR 1.143) and (ii) identification of the claims encompassing the elected invention.

The election of an invention or species may be made with or without traverse. To preserve a right to petition, the election must be made with traverse. If the reply does not distinctly and specifically point out supposed errors in the restriction requirement, the election shall be treated as an election without traverse.
